Phone: 5042522984

This 1893 Haines Brother's Piano STYLE #3 was owned by my great grand grandparents and has been passed down through the family. It is currently housed in my father's warehouse. He has sold his building, so the piano needs a new home. We are not charging for this piece, but you can either pick it up, or WE CAN DELIVER within 25 miles from Martinez, CA. If we deliver, you need either man power, or a fork lift to help my dad get it off of the truck on your end. If you pick up the location is at 280 Arthur Rd. Martinez, CA 94553

The piano works well. All keys work and it sounds good. We had a gentleman come and tune it last year. The piano can come with or without the bench. Please call me at (504)252-2984.
