

Aeolian Upright Piano

Wilmington, Delaware 19808
United States

Phone: 14154075203

Cable upright by Aeolian. Well maintained. Plays well and is tuned.

My mom bought it from a friend who was the original owner and bought the piano in late 80's for her 2 children to learn. It was very gently used but well maintained. My daughter played for a year daughter but she is no longer interested in playing. Piano has been well taken care of and tuned regularly.
