Snohomish, Washington 98290
United States

Phone: 4252631400

Serial number 25823. Needs work, some keys missing and a few strings don't strike and needs a good tuning but I still played it. Was passed down from a great grand parent who won it off a bar tender in a bet in the 1900's. We have no room for it and will be remodeling soon and no one else in the family wants it.
