

Player Piano (Walters Piano Company)

Ottawa, Ohio 45875
United States

We inherited a player when we purchased our home a few years ago. It was manufactured by the Walters Piano Company. It is in good condition, and all of the keys work. A few of the keys have some ivory that has chipped off, and it hasn't been tuned in several years. Free to a good home willing to relocate the piano, along with the matching bench, and some player piano rolls that are in good condition.
