Ivers & Pond Baby Grand Piano, model 84. Made in Boston. One owner. Bought by my grandfather for my mother in the 1930s. Includes original keys for locks, original tuning tool, original hang tag, bench, and sheet music. This piano needs some work: There are two or three strings missing, piano needs tuning and cleaning, and there are some scratches in the finish. May be seen in Lexington. Several more photos available upon request.
